19TH AVENUE INTERCHANGE PROJECT: STATE ROUTE 198 / 41 INTERCHANGE CONNECTORS RE-OPEN TODAY

The California Department of Transportation (Caltrans) in cooperation with Granite Construction Inc. announces the end of the temporary closure of the westbound 198 to southbound/northbound 41 connector and the southbound/northbound 41 to eastbound 198 connector, as part of the State Route 198/19th Avenue Interchange Project in Lemoore within Kings County. Connectors will re-open today.

Interchange connectors re-opening will be as follows:

Today, October 17th, 2014 the westbound State Route 198 connector ramp to State Route 41 and the State Route 41 connector ramp to eastbound State Route 198 will re-open.

Detours that were previously in place, utilizing sections of the newly constructed interchange at 19th Avenue, will no longer be open to traffic. These closures will allow crews to complete work on the interchange ramps and bridge.

Caltrans would like to thank the residents, businesses and commuters for their patience during this improvement project. The public is asked to drive with extra care while traveling through the construction area and on local surface streets.
